# 1. Panamerican Hotel – True Mother

The main event in Argentina of the UPF World Speaking Tour III was held in the Panamerican Hotel, in Buenos Aires, in which around 750 guests participated, and in which True Mother was wonderful and transmitted her message with great joy, that was interrupted by applause 46 times.

The welcoming words were given by Alberto Stecco, MC of the National Deputy, and the interreligious prayer before the Blessing was given by Sheik Rayi Mahmut, Chairman of the Druso Council of the Argentinean Republic; and Mahatma Sergio Griffa Krishananda, Chairman of the Argentinean Parliament of Religions (PAR) and representant of the Hinduism in Latin America for the International Federation of Yoga.

*“Talk about peace is the mission of humanity, and it’s the only way for man to fulfill himself. We are all feeling the great commitment towards the ones that are giving us this distinction, with all whom are present and with all humankind.”*, reflected Omar Chafi Felix, Intendant of San Rafael (Mendoza Province), who delivered some words in the name of the 14 Peace Ambassadors.

The deep love manifested in this encounter towards True Mother was reaffirmed with the comments of the participants after the event, who enjoyed the evening, featuring songs performed by two tenors of high artistic level, filling all their expectations until the end.

## 2. Panamerican Hotel – Dr. Kook-Jin MOON

Before True Mother's event, Kook-Jin Moon delivered the speech in the same hall to a mostly young audience, integrated by 170 people. This event came right after a Pure Love lecture given by Carlos Varga, CARP President in Argentina.

"The parents liked it. I told them to leave the prejudices. They left very grateful. We only have to put heart to our mind. Thank you for making possible that through me other people can learn about these human values.", expressed Miguelina Villalba, Peace Ambassador and Families Assessor, after the meeting. She brought a group of parents and children to the event. Many other young guests, invited by Mario Carreras, General Secretary of the Cooperative Workers' Union of the Argentinean Republic (UTCRA) and Peace Ambassador, left sharing the same feeling

In this encounter, some young professionals were appointed as Peace Ambassadors: Gabriel Di Masi, Council of Lanus (Buenos Aires Province); and Roberto D'Anna, Director and owner of the 'Flores de papel' and 'Rivadiario' newspapers.

### 3. FFWPU HQ – Mr. Hyung-Jin Lee

Hyung-Jin Lee gave the speech in the Hall of the Family Federation before an expecting audience, which showed their gratitude with many rounds of applause. Sergio Tejada, instructor and international competitor of martial arts, world champion of Taekwondo in 1994 (Argentina) and in 1997 (USA), was appointed as Peace Ambassador. After the event, the closest ones shared nice moments over lunch in the Puerto Madero neighborhood, and met the Freedom Fragata, that travels around the world from time to time training future marines.

## 4. Peace Embassy – Mr. In-Sup Pak

In-Sup Park was received with a very warm welcoming by Alberto Stecco, MC of National Deputy. He, as Peace Ambassador, spoke heartfully about the work and the teachings of True Father, that are the relief for chaos and war, transmitting an unchangeable message through three generations. To tenors performed songs with a high artistic level: Rafael Turi and Raffaello Benetti, to complete this wonderful evening. This made the environment in the Peace Embassy, the "home" of the Ambassadors, even warmer.

## 5. ASEPROFAR Foundation – Mrs. Shin-Mi Moon

This event was held at the ASEPROFAR Foundation, where a warm environment was created, which was the goal of Dr. Ana Maria Molinari, who kindly opened the doors of her institution for Shin-Mi Moon to give her message in this excitant, yet exhausting, World Peace Tour. The host, a business woman and Peace Ambassador, gave a testimony of how she met the Unification Movement, and expressed once again her admiration for True Parents work, for which she hanged Their photo in the main hall of her organization. Shin-Mi radiated charm with her smile, and won everyone's affection, even though she couldn't deliver all of her heart because of the distance that the language barrier often creates.

## 6. Vicente Casares – Mr. Shin-Il MOON

At this event there were 4 churches represented, and they helped with a choir and a musical group to prepare a high spirit to receive Shin-Il Moon's words. After this encounter and a nice lunch, he visited one of the most traditional places in Buenos Aires, Caminito, in the La Boca neighborhood. Then, with his brother Shin Bok Nim, and a T-shirt of the famous Boca Juniors' team, they cheered the present national bichampion for a while from the vibrant crowd at the 'La Bombonera' Stadium. Boca was losing 0-2, but then ended up winning 3-2 with the encouraging cheer they received, even though they had to leave a bit earlier, because the main event was going to begin soon.

## 7. Evangelical Church “Cristo es Realidad”, in Laferrere

– Mr. Hirotaka OTSUKA

Emiliano Gimenez, Peace Ambassador, was the minister who made this event possible in his temple, where a couple of years ago a Blessing was given to a big group of couples.

## 8. Evangelical Church “El Maestro te Llama”, in Laferrere – Mr. Shin-Bok MOON

This church is led by the minister Damian Jaime Sayago and his wife, Elizabeth, who have four children. Shin-Bok Hong Moon shared the words of True Father in this place, where Jose Ochoa and his wife, Rosario, helped to elevate the spirits, and who were the officiators at this time. True Father's words reached out to 120 people in this venue.

## 9. Evangelical Church “Mi Amigo Fiel”, in González Catán – Mrs. Shinwa YOSHIDA

Shinwa Yoshida was received with so much human warmth that she was very inspired during the speech reading, and even after it. The Christians that participated in this event were so happy, they didn't know how to express their gratitude.", said Jose Gomez, who with his wife Shee Kim, were the Blessing officiators. He also mentioned that the guests invited by the ministers Emilio Elhamond and Raul Pereyra have interest in learning more about the Movement and about True Parents.

## 10. Evangelical Church “Centro Familiar Cristiano”, in González Catán – Mrs. Shin-Sook MOON

Here, the main speech was given by Shin-Sook Moon. Before that, the Minister Sergio Palacios spoke about the value of family unity, the good relationship between a couple and the purity of the youth in front of an audience of about 100 people. There were also songs and 6 Peace Ambassadors were appointed. Shin Sook Moon felt very happy and shared a lunch with the closest people.

## 11. Barrio Parque Club, in Morón – Mr. Young-Jun KIM

This event was organized by Sergio and Rosetta Castellon, with the support of other families. Young-Jun Kim gave the speech. "Excelent event filled with warmth and love, building a strong group of Peace Ambassadors for ideal families. All be for the true love.", said Roberto Omar Seijo, an active Peace Ambassador.

## 12. Evangelical Church “Pregonero de Justicia”, in Rafael Castillo – Mrs. Shiori KUNITOKI

The environment to receive Shiori Kunitoki was prepared with prases, and the minister kept repeating that it was the day of Blessing of God. The reading was followed carefully. True Father's Granddaughter, though sometimes transmited love and care through a smile, delivered the speech with seriousness.

Minister Marcelino Miranda manifested his special gratitud to the UPF representants for making a strong effort to prepare that humble place to bless the families. "Continue on firmly, Moon family", ended his comment about the meeting in which 6 distinguished Peace Ambassadors.

The Minister expressed similar feelings and determination, though they suffered a lot of persecution in the days prior to the event. "This is eternal for me", she recognized. After she finished, Shiori Nim happily took photos with everyone and showed affection towards babies and children.
