### Heaven is the Kingdom of USE

Jesus sent out his disciples to find those who were worthy for his kingdom. (Mt 10:11) For Heaven is the Kingdom of Use. God created all things for man, so that they may be used to fulfill man's life. God created man by His love so that man may fully love God. Everything we have is made by God and is given by God to fulfill our life. We cannot fulfill our life by ignoring the Creator's purpose of our life. This purpose is to love us fully and to have us love Him fully. To fulfill this purpose God gave all of us tools, conveniences, talents and material things. Therefore everything we possess has a purpose to fulfill. God gives nothing without a purpose. The assets we possess want us to fulfill thier purposes through correct usage for the highest purpose.

What are the assets given to us? None of us created our body. It was given to us. So we have at least a body and health. We have no control over our life span. Therefore, whether it is long or short, the time we have on this earth is given to us. We all have a degree of education. We all have material things. We all have some talents or gifts. Experience is also a big asset. Our understanding of the Divine Truth is the most valuable asset. All of these are given to us for definite purposes.

If the assets we have are not used for the right purpose, they will only create in us pride, which is even worse than not having them at all. Furthermore they will become conditions of accusation on the Day of Judgment.

The Value of Use is determined by the objective and purpose of the Use. Some people are only useful to themselves. For such people the life and the assets they posses have only value to them. Some people are only useful to their own family. For such people, their lives and their things have value only to their families. Some are useful to their community. Some are useful to their society. Some are useful to their nation. Their lives are valued only as much as the objective they served. Some people are important to the whole world because they made themselves useful to the whole world. Some people are useful to the Heaven World and to God. The lives and assets they used for God have the greatest value.

Sacrifice or suffering alone has no value. When people sacrifice for meaningless objectives, the sacrifice has no value in God's sight. Some people suffer because they are foolish, lazy, greedy, vain and selfish. This kind of suffering has no value, no matter how severe it is. Jesus said, "Blessed are those who are persecuted for righteousness' sake, for theirs is the kingdom of heaven. Blessed are you when men revile you and persecute you and utter all kinds of evil against you falsely on my account," (Mt. 5:11) This means that only when you sacrifice and suffer for God your suffering and sacrifice have a priceless value and your reward will be great in His Kingdom.

This is the Time of God's Determination, His Final Judgment! Make yourself useful to the utmost degree for His Kingdom, so that the Lord will remeber you. Do not be one of those to whom the Lord will say, "You wicked and slothful servant! . . . . Cast the worthless servant into the outer darkness, there men will weep and gnash their teeth"

(Mt 25:26, 30)

Let us make everything we have useful to God, our health, time, wealth, education, talents and experiences! Let them all be used for the highest purpose, for the Lord and His Kingdom. Your value in the kingdom will be determined by the degree of your Use. Jesus was the one whose value of Use to God was greater than others. The Lord of the Second Advent is the One whose value of Use to God is the greatest. Let us gratefully make ourselves useful to God, because all we possess are given by Him, for Him. We can ask God's favor according to our value of Use. Heaven is the Kingdom of Use.

Young Oon Kim

#### News from San Jose

First of all I would like to say that there are many things that are happening here in San Jose and the Spirit is moving in wonderful ways. There are quite a few people that have read the Principles and there are those that are in the process of reading. Vivian Felse is progressing gradually and is witnessing to various people. One person in particular whom she spoke to by the name of Etta Heath has read the Principles and is in the process of rereading them. I spoke to her yesterday and she has been dreaming unusual dreams and everytime she picks up the Principles her hand becomes as burning fire and she said her whole body feels like its coming alive. Lola Shearer is coming along also, she was here last night and we talked for about 3 hours. There is also a young boy by the name of Carl Rapkins, that comes everyday to study. Please pray for him, as he is obsessed by many spirits and is trying very hard to understand the Principles and overcome. Mr. Gene Gaither is a recording artist and newspaper correspondent. He wants to read the book. The minister of the Grace Baptist Church (liberal Baptist) bought a book and is going to read it. There are quite a few people that are very interested in reading the Principles, but do not want to buy the book and are waiting for loaners. Mrs. Bernice Getty, the Methodist minister's wife, has almost finished reading and I am expecting to meet her this Thursday. The Baptist minister, Rev. Akers, wants to see me after he reads and I thought it might be possible for Miss Kim to meet him also. Mrs. King is reading the second time and Rev. Kenner is almost finished and I had a long talk with him. Grace Gilchrist is going to let us use her living room for the meeting Monday evening.

I find that the more I pray the more the Spirit moves. Prayer as Miss Kim said is the only way at this time. I find that through witnessing and teaching, it has awakened in me a far deeper insight and relationship with the Father. My heart is so full of thankfulness and joy that it is impossible for me to express in words how much I adore our Beloved Emancipator and Leader.

Love, in His Blessed Name,

Doris Walder

#### News from Berkeley (No. 1)

It was so good to receive the letter of the month and to hear from everyone and their cities. As I sit down to write this news letter, my prayer is that this monthly news letter will be full of good results. I am sure we are finding that there is no time to relax our guard against Satan. We must pray every moment, as we go out to witness. We find out how powerless we are without these prayers.

I moved into a colored lady's home. She has given me permission to use the living room of her house for our meeting. On Aug. 15th Peter Koch moved in also. We try to go as many places together as possible to witness. Peter is very good talking to people. God's power is much stronger when the two of us are together. We are trying to find these young

people around the city. We attended a meeting of college boys and girls of a Lutheran student center (the same group I referred last time). There we met about 18 young people. We talked to one young man by the name of Gorden Ross about the Principles. He was very interested and wanted to go to Miss Kim the very next day. Peter took Gorden and his room mate, Chales de Kunffy of Hungary to San Francisco next day. Both bought books and are going to meetings in San Francisco. The minister of this group by the name of Rev. Lokken does not want us in his meeting anymore but he also bought the book and is now studying. There are many small groups of young people. They take parts of the Bible and try to find answers to their questions, but they never come to any understanding. I feel they are ripe for the Divine Principles. It is not going to be easy to get inside. Satan will try to stop us in all ways. But we will not be stopped because God is more powerful than Satan and God will win. I met a girl by the name of Carol Smith at a Church. She came up to me and said, "I am so upset. I cannot find God anywhere or in any of the churches." I told her about the Principles. She is from New York city and a 3rd grade teacher here. She will get in touch with me soon. This seems to be the cry of many people. They are crying out to God but cannot find Him in the Church. People are becoming hungry for the Word of God. I met two girls by the name of Tricia Sewell and her room mate Hally. Hally has been reading all kinds of books on the new age, but Tricia knows nothing about it. However both girls want to read our book and to know our group in San Francisco. I found a few other groups, of which I will investigate more. There are so many groups. I wish there were 100 of me to be able to attend all these activities and meet the people. Miss Enid Lee sent a book to Mr. E. H. Dale (MSD) in Los Angeles. He has been a great spiritual leader in Los Angeles. But he has lost most of his revelations. He hopes that through the Divine Principles he will be able to regain this spiritual power he once had. Miss Lee also loaned books to two people in Oakland. She also sent a book to Trinidad to her brother, who was very interested in knowing all about our group and wants to study this Principles to teach his people. I wish we had teachers to send to all parts of the world to teach these people. People are ready all over the world.

Love to all,  
Pauline Phillips

#### News from Berkeley (No. 2)

Several months ago I thought I knew the Principles. But learning and growing is a gradual process. I feel that I entered a new stage of this process when I moved into the same house with Pauline two weeks ago. Since then we have discussed the Principles and their applications whenever we had a free moment. I have learned many things from her.

By observing the effects of the application of the Principles in daily life and through the most wonderful dreams and revelations I gained much deeper understanding of the Principles, and I became aware of the urgency of the time and of my great responsibility.

I received that the Rosicrucian teachings are not enough as preparation for the Judgment. At one occasion I went into the spirit world to some temples, the beauty and colors of which were beyond description. To my great amazement I was treated there quite respectfully. This experience very much increased my confidence and this way enabled me to overcome several attacks and temptations of Satan.

I went to several meetings in Oakland and Berkeley with Pauline. We feel that we are more effective as we work as a team. At a meeting we met Gorden Ross, a student at Berkeley. He is very interested in the Principles and has attended several study meetings. Through him we met a student from Hungary. These two men are showing much interest

and wants to translate the book in Hungarian. Gorden still has to overcome the opposition of his minister, who does not want Pauline or me to attend his meetings anymore. He rejected everything before he read the book. When we pointed out his great responsibility for his student group he seemed to have a second thought and bought the book for thorough study.

The other day I visited Rev. Walker, a Presbyterian minister in Berkeley. He is a very powerful speaker, and both Pauline and I have the feeling that his church will become important for our work. I want so very much that this man's heart is opened for the Principles. In order to take him away from Satan, I try to apply the laws of restitution, paying for him by prayers and fasting.

The more I try to work for the Principles, the more do I realize my short comings. I pray that I will learn and grow fast so that I will be able to fulfill a great mission and become more useful to our Lord.

I want to wholeheartedly thank our Leader and Miss Kim for setting the guiding star over my path when I was wandering in darkness. I will pray for all our friends, sisters and brothers in Korea, Japan and America that we may have the strength, wisdom and courage to fulfill our great mission. Glory to God for His great and wonderful work!

Peter Koch

#### News from Hayward

I find it hard to realise how fast time flies by. I ask myself at night before I go to sleep how much did I do for God today? Did I accomplish anything? Beginning next Wednesday evening I am starting a meeting in my living room. It will be small but it will be a beginning. I have only 2 or 3 ladies who are interested right now. According to the newspaper California is close to being the most heavily populated state in the United States. It is supposed to pass New York by December. So the people are here, just to find them! God has been so good, and given me personally so much, I know I must not fail Him.

Love, Patty Pumphrey

#### News from San Francisco

One morning two Jehovah's Witness' women came to our house to sell their magazine. I listened to all they had to say and then invited them to hear our message. Next morning they came back with a man and heard the message. The man asked some questions but they were not openminded. At any rate I had them hear our message.

Miss Elsy Dumbreck, who had heard our message in January, came back again to learn more of the Divine Principles. As she prayed she heard the Lord's voice that said she should come back to us. She comes to every meeting and seems to understand much more.

Dr. Rothman (MD, PHD) who is a psychiatrist, has read the Divine Principles with great interest. At one of our meetings she asked us for the cause and reason of so many people committing suicide these days. She wanted to receive a new light on the subject on which she is writing an article for a psychiatric journal. We spent the whole evening explaining suicide in the light of our message. She sent a book to her daughter who is studying medicine. Dr. Rothman said that the Principles are most fascinating. She seems to realize that everybody must hear our message, because she gave me a list of her clients to invite to our message. I have contacted them all and two of them heard the message, but they were not interested in any spiritual message.

Bill Moris was released from the hospital and has moved into our house. He has recovered completely and goes out every night to witness. His favorite places to visit are

parks for off days and China town for evenings. His witnessing is full of conviction.

On the 24th of August we passed the inspection of our house and have now rented the two upper flats.

On the 26th of August we held a party, and Dr. Alcala spoke on Rosicrucianism. He was not allowed to reveal all the teachings, so naturally many of us were disappointed. Twenty-one persons were present.

The ginko trees grew fast and reached the top of the box in which the seeds were planted. So I transplanted eight of them into the soil in our backyard. The ginko seeds were sent by the Master in Korea to plant them on the American soil as the initiation of trees of the new world. Since the weather is cold they don't grow fast outside, but they look strong.

I visited Doris in San Jose twice. The first time was with Bill, the second time with Enid, Pauline, Peter and Ted of Hayward. Both times about 9 or 10 people attended. Some of them who are set in their religious beliefs were really stirred up, however, they all wanted to study more with the book.

A Phillipino couple, Mr. and Mrs. Sabiano were led by Mr. Taylor to our meeting. They said that our message was quite new to them, but it made sense. They used to be Catholics.

Peter brings Gordon Ross and Charles de Kunffy to every meeting. They are eager to know if our message is the ultimate truth, if so they want to be fulltime workers.

Mr. Albert Taylor was ordained on Aug. 6th in the Church of Our Lord's Most Tender Compassion, which is a branch of the Episcopal Church. He is coming back to our meetings and expresses his desire to work with us to the best of his ability.

Miss Lee sent a copy of the Principles to Mr. Tetteh of Ghana, West Africa. Mr. Tetteh sent me a very nice letter, which will inspire all of you. I have sent a few more copies of the book to him. Let us remember him in our prayers.

Blessed One of the Light, Miss Kim:

Accra, Ghana

27/8/62

God bless you forever! I just received a nice letter from my beloved friend Enid Lee whose footsteps I and my sincere students are following to raising our consciousness to the Truth. Miss Lee has written about you and your work, and although we have not yet received any of your books we have already been in touch with the consciousness of the activity. God bless you for bringing this enlightenment to the West and through Miss Lee too, the activity is coming to West Africa, Ghana. For sometimes past, we in West Africa sympathised with the people of Korea as a whole, a war torn country. We saw children, orphans in pictures, whose parents were dead in the battle between the North and the South, and today God is raising spiritual giants like you to expand the Truth to all. I feel that as no darkness can dim the light of One Candle stick, your activity will grow from strength to strength and we too cannot let it stop here in Ghana alone, but will expand and expand also throughout the whole of Africa. My country is becoming a socialist state and I know that this is the time for our people to put on the armour of God. On receipt of this letter kindly write me and give me some points about the New Age minds. I thank you for the books which Miss Lee is sending to me and my people, and we are already grateful for this kindness and love. We ask God's blessing upon your work. God bless you.

Victoriously in the service of the Truth.

H. O. Tetteh

#### News from Japan

Our brothers and sisters in Japan are working hard proclaiming the message of Cosmic

Restoration. They have groups in Tokyo, Osaka, Kyoto and Nagoya. The group in Tokyo is attempting to infiltrate a study group on a university campus. Also they resumed street preaching using an accordion which they recently obtained.

#### News from Korea

Nearly 6000 men and women, old and young, went out on July 20th for another Forty Day Enlightenment Movement which is combined with evangelical work. These messengers are all voluntary workers of divergent vocational and educational backgrounds. They have proclaimed the message in every village, which is the smallest unit of administration in Korea. They have now come back to Seoul with many reports of victory in their work.

There are eight districts in South Korea. The Hqs of each district is holding a training course which lasts for 40 days. When the Forty Day movement is over, the district superintendent selects capable young men and women from the new converts and trains them to become leaders for the next 40 day movement, which will be held in the winter season. In their training program, the lecturers in Hqs teach the Divine Principles so that the students will master them and be able to teach others. They also share their spiritual experiences through their testimonies. Through music lessons they learn new songs. Through physical exercise they train their bodies so that they may be able to stand hardship. Above all through the group life during the training period they are emotionally united by God's love, are directed toward one goal by the Divine Truth, and spiritually united by the realization of One Father and of the imminent fulfillment of God's kingdom on earth. After the 40 day training their unity is stronger than that of any blood tie. With a sacred vow they go out to new mission fields to teach the Divine Principles.

The District superintendents select the most outstanding new young people from districts training courses and send them to the Hqs in Seoul, where they go through another 40 day training of similar program. After this training they are sent out to mission fields or to their own districts for more intensive witnessing.

The 13th training course at the Hqs in Seoul started on Sept 10th.

Large cities are divided into districts with one team assigned to each district. For example in Seoul 120 teams are assigned to cover whole city. They invite people to a public hall where the Divine Principles are lectured every evening. Usually over 100 people come and listen to each lecture.

During this last 40 day movement our Master made an iternary trip for a period of eight days. He visited each district, where most of the local members gathered together to see and hear him speak. He spoke from 6 to 7 hours at each place. To meet him some members walked 70 to 80 miles to come to the meeting. They were greatly inspired and encouraged. This itenary trip was the last one that the Master will officially make in his fulfillment of national mission.

The words of our Master  
be

"Love God so much that you are not even aware of being hungry. The Lord will return to the people and the nation who love God the most"
